

Northwest Hospital Foundation

For nearly 40 years, Northwest Hospital Foundation has been investing in our community by supporting high-quality healthcare.

Our mission is to secure and allocate resources for funding projects exclusively in support of UPMC Northwest, thereby helping area residents find hope, healing and access to high quality healthcare.

We thoughtfully enhance the healthcare of our community by making financial resources available to UPMC Northwest in its mission to deliver high quality services to the residents of our region.

We fund programs and activities that go above and beyond what an established health care system would generally be expected to provide.
